Pearson Education, 2006. Softcover. Book Condition: Neu. Neu Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - A Brief Introduction to American Politics provides a coherent and succinct account of how contemporary American politics blends enduring principles with the realities and demands of the present day. Beginning with a brief overview of American society today, the book introduces the constitutional framework of American politics and the fluid concept and practice of federalism. It also covers the major features of the representative process, looking at both elections and main players such as parties, interest groups and the media. Chapters on the major institutions of the federal government - the presidency, the Congress and the Supreme Court examines how they are simultaneously independent and constrained by each other. Chapters on domestic and foreign policy demonstrate how government and politics work in connection with the system's main outputs. A Brief Introduction to American Politics is a shorter version of Politics USA 2nd Edition and is intended for students who need an introduction to the essential features of the American Political system. 216 pp. Englisch.
