

Clinical ENT Made Easy: A Guide to Clinical Examination

By D. Balakrishnan (Author) & Ramesh C. Deka (Frwd)

Jaypee Brothers Medical Publishers (P) Ltd., 2014. Softcover. Book Condition: New. First edition. During the quarter century of his teaching career, the author had been observing successive batches of students committing the same slips over and over again. This book addresses such mistakes. The language is deliberately kept simple. The diagrams are even simpler. Written mainly with the graduate students in mind, this book will prove to be of immense value to regular medical practitioners also. This book presents a structured approach and contains: ? Points to remember while taking history and examining ENT patients ? Template case sheets, common X-rays, instruments and surgeries ? Questions that the examiners usually ask and the answers to such questions ? University theory questions, multiple choice questions (MCQs) and extra information are given in the associated website ? This book contains much more than what an intelligent medical student needs to know and what a successful practitioner would ever require. Printed Pages: 340.

Reviews

Very useful for all group of people. It is amongst the most incredible pdf i actually have read through. Its been written in an extremely straightforward way and it is just right after i finished reading through this pdf by which basically modified me, change the way i think.

-- **Felicia Nikolaus**

These sorts of ebook is the ideal book offered. It can be written in simple terms rather than confusing. I discovered this pdf from my dad and i advised this publication to understand.
