BIOTECHNOLOGICAL PERSPECTIVES

VDM Verlag. Paperback. Book Condition: New. Paperback. 188 pages. Dimensions: 8.7in. x 5.9in. x 0.4in. Coffee is one of the important plantation crops that is grown worldwide. India is one of the major coffee growing countries where around 0.35 million hectares of coffee is under cultivation, producing an annual average of 285,000 metric tones of coffee and earns around 400 million US as foreign exchange. Among the various diseases threatening coffee, the coffee berry borer possesses a major threat...

Reviews

This ebook is really gripping and fascinating. it had been writtern extremely perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Leopold Hills**

Totally among the finest publication I actually have at any time study. I am quite late in start reading this one, but better then never. I found out this publication from my dad and i suggested this pdf to discover.
