At the fore of these armies are the minions, skeletal warriors raised from the dead with dark magic to serve on the frontlines of battle. They are the perfect soldiers - made to be unthinking, unfeeling, and expendable. After all, there is no killing what is already dead. So when one of them makes the unlikely choice to spare the Dark Lord's greatest enemy, a powerful young witch named Kora who has awoken feelings in him long forgotten, he sets off a chain of events that threaten to change the course of the Empire forever. This fantasy story is the length of a short novella. (21,000 words or 65 standard pages).

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
