

Clinical Cases in Skin of Color: Adnexal, Inflammation, Infections, and Pigmentary Disorders: 2016

By Porcia Bradford Love, Roopal V. Kundu

Springer International Publishing AG. Paperback. Book Condition: new. BRAND NEW, Clinical Cases in Skin of Color: Adnexal, Inflammation, Infections, and Pigmentary Disorders: 2016, Porcia Bradford Love, Roopal V. Kundu, This book will identify the top dermatological conditions for patients with skin of color and provide essential features which contrast these conditions in darker skin types. The reader will be able to formulate informed treatment regimens for patients with skin of color. The book will also provide clinical pearls to guide decision making, as well as important cultural beliefs that must be considered in order to provide optimal care to patients with skin of color. Clinical cases are a key component in modern medical education, assisting the trainee or recertifying clinician to work through unusual cases using best practice techniques. Dermatology is an important discipline in this regard since it is a highly visual subject requiring the reader to describe often very subtle differences in the presentation of patients and define accurately the diagnostic and management criteria to base their clinical decision-making on. By the year 2050, people with skin of color (including Africans, African Americans, Asians, Native Americans and Hispanics) will represent more than half of the U.S. population. There...
