

A Book of Garden Wisdom

By Jenny Hendy

Hardback. Book Condition: New. Not Signed; This title features organic gardening hints, tips and folklore from yesteryear, from companion planting to compost, with 150 glorious photographs. Tried and tested methods for today's organic gardener, helping to rediscover the wisdom born of an understanding of nature and the natural rhythms of the seasons. It covers all types of garden, including cottage gardens, orchards, hedgerows, kitchen gardens and herb gardens, as well as a range of plants, from flowers to topiary. It includes traditional techniques for sowing, planting and harvesting, as well as age-old methods for controlling pests and diseases, feeding the soil and caring for tools. Practical projects include creating a bee and butterfly garden, establishing woodland bulbs, making a scarecrow, collecting your own seed, and growing fruit in pots. It also features many ancient folk methods, such as planting by the moon and companion planting. It is illustrated with 150 beautiful, inspirational photographs. The skill of gardening and nurturing the land is as old as time. For gardeners everywhere there can be no greater pleasure than watching a tiny seed thrive, and to witness plants blooming and fruiting. This inspirational book offers practical advice for every gardener, whether your interest...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
