University of Georgia Press. Hardcover. Book Condition: New. Hardcover. 304 pages. Dimensions: 9.0in. x 6.3in. x 1.2in. Charles S. Aiken, a native of Mississippi who was born a few miles from Oxford, has been thinking and writing about the geography of Faulkners Yoknapatawpha County for more than thirty years. William Faulkner and the Southern Landscape is the culmination of that long-term scholarly project. It is a fresh approach to a much-studied writer and a provocative meditation on the relationship between literary imagination and place. Four main geographical questions shape Aikens journey to the family seat of the Compsons and the Snopeses. What patterns and techniques did Faulkner use--consciously or subconsciously--to convert the real geography of Lafayette County into a fictional space Did Faulkner intend Yoknapatawpha to serve as a microcosm of the American South In what ways does the historical geography of Faulkners birthplace correspond to that of the fictional world he created Finally, what geographic legacy has Faulkner left us through the fourteen novels he set in Yoknapatawpha With an approach, methodology, and sources primarily derived from historical geography, Aiken takes the reader on a tour of Faulkners real and imagined worlds. The result is an informed reading of Faulkners life and work and a refined understanding of the relation of literary worlds to the real places that inspire them.
