In addition to a general working knowledge of commercial law, the publisher should be thoroughly familiar with the law of libel, copyright, contempt and lotteries and postal regulations. It has not been our purpose to write a text book but to compile a digest of court decisions for quick and ready reference, giving specific and authentic information on the rights and privileges of publishers, the restrictions placed on their business and the court's interpretations of many points not specifically dealt with by the statutes of the different states.
